

CREATING BETTER SELF-BUILDERS

For the last 19 years we have been helping self-builders to build their low energy dream homes and have now completed more than 1,000 builds! In order to assist people with building their dream homes, we regularly organise Self Build seminars across the UK.

DELIVERED BY TOP INDUSTRY EXPERTS:

PAT HYNDS

Chartered Quantity Surveyor and Managing Director of SIPS Industries Limited with over 30 years experience in construction. Specialist in project costing, analysis & procurement, rainscreen cladding & render systems.

ALLAN CORFIELD

Chartered Architect and founder of Allan Corfield Architects. A Self Build expert specialising in designing low energy homes. Speaker at the Home Building & Renovating Shows and a writer for the Homebuilding & Renovating Magazine.

TOM MCSHERRY

Finance specialist from Buildstore, the leading mortgage and insurance provider for self-builders in the UK.

DARRYL BAILIE

Director of Futurespace Structural Consultants. Structural Engineer with over 12 years experience in designing SIPS homes.

BRIAN SINGLETON

Independent Ventilation and Heat Recovery specialist with over 25 years of experience.

OUR SEMINAR COVERS THE FOLLOWING TOPICS:

- Costs vs Design
- Thermal Strategy
- Structural Strategy
- Project Management
- Working with Contractors
- Tips on how to build the most energy-efficient home without paying more than you need to (inc MVHR and Renewables)
- Finance & Insurance
- Inspiration for your kitchen and bathroom finishes

With lunch, tea and coffee provided throughout the course of the day, our Self Build Seminars create a relaxed and stimulating learning environment. We will ensure that you don't leave the seminar without the answers to all your questions.
